To our Customers, Vendors, Sub-contactors and other Business Partners;

TECI and its employees strictly comply with applicable restrictions under domestic and foreign laws pertaining to the importing or exporting of technology, products, services, or regulated information. Because products, commodities, or services purchased, leased, or otherwise obtained from TECI might be exported and used outside the United States, TECI now requires that an authorized representative of your organization kindly sign and return the attached US Export Regulations & Foreign Corrupt Practices Acknowledgement Form.

This form is part of our adopted Export Compliance Management Program or EMCP. Because export laws of the United States follow our products to the final destination and end user, we have, at a minimum, an obligation to use due diligence and reasonable care to the first person we release goods to, regardless if the release of goods is for domestic or international purposes.

It is TECI's policy to pre-screen all orders, and use approved procedures to establish known customers and vendors, to gain the necessary information about our shipments.

We appreciate your time and effort in completing this form. Kindly sign and return this form as soon as possible in order to prevent any future delay in processing orders. We appreciate your cooperation with this time-sensitive requirement.

If there are any concerns, questions, or requirements for additional information regarding any of TECI policies or requests, please contact us.

Best Regards,

04-Oct-2018

X Timothy Heckart
