Since 1991, Turbine Engine Consultants, Inc. has been supplying the highest quality spares to corporate and commercial operators, repair stations, FBO's and OEM's. In addition to maintaining a World-Class facility, we provide 24/7 customer service, supreme product knowledge and quality control, while offering the parts our customers want at affordable and competitive prices. **Contact TECI for a quote today!**

PROPULSION

*** TPE331 Series Engines**

TECI is the leading supplier of Honeywell TPE331-1 through -14 series engines and spares. We also carry one of the largest TPE331 inventories in the world and stock various model engines for sale or lease.

AUXILIARY POWER

*** Honeywell & Sundstrand Auxiliary Power Units**

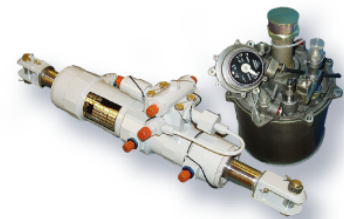

TECI possesses an immense inventory of components and accessories for Honeywell GTCP36 and 85 series and the Sundstrand 500 series APU's. We carry units for sale or lease and provide complete maintenance management.

REGIONAL AIRFRAME

*** Regional Airframe Spares**

TECI furnishes airframe spares for such aircraft as the deHavilland Dash 8, BAE Jetstream 31 / 32 and Embraer 120 Brasilia. We maintain a diverse inventory of parts and also provide a consignment program that offers cost reductions, scheduling flexibility and cash flow improvements.

Quality Assurance > A Higher Level of Quality & Service > 24/7 365 Days a Year

TECI believes that QUALITY and SERVICE are crucial elements for success in the aviation market. We have voluntarily achieved FAA Advisory Circular No. 00-56 Accreditation status through the Aviation Suppliers Associations, ASA-100 Quality System Standard. We have also built an impressive Quality Assurance Program that encompasses procurement, receiving, warehouse management and shipping, all out of our 75,000 square foot secure and climate-controlled facility.

TECI's voluntary accreditation ensures that every operational aspect is being performed in accordance with an FAA endorsed quality system and promises to provide a level of QUALITY and SERVICE that transcends expectations.
